Workshops to help with job placement

Workshops to assist San Bernardino County residents in job placement, scheduled for later this month, are in venues with limited seating, so participants are urged to make reservations.

Anyone wishing to attend the May 20 session in San Bernardino should call 909-386-0884. For the May 21 session in Rancho Cucamonga, the number is 909-941-6500. Those who want to go to the May 22 meeting in Hesperia can call 760-949-8526.

The workshops are free through San Bernardino County's Workforce Investment Board and are designed to help residents laid off from the construction, manufacturing and mortgage and finance industries.
